

# Garden Sprayers

Hills Garden Sprayers are designed to be used with a broad range of domestic, water-based pesticides, herbicides and fertilisers. Do not use industrial chemicals, solvents or hydrocarbon-based liquids, as these may damage the sprayer.

## 7 Litre External Pump Sprayer

- External pump for ease of pumping
- A safer way of pumping – design ensures that contact between pumping mechanism and liquid is minimised
- Curved aluminium lance with adjustable brass nozzle
- Extra long lance for reaching high branches
- Ergonomically designed handle
- Hand-operated on/off tap
- Non-corroding UV-stabilised HDPE bottle
- Pressure safety valve
- 12 months guarantee
